We love to welcome children in our restaurant, and believe that they should be served the same high standards as their grown up's. Therefore, this menu is also a childrens menu. However, we recognize that children are smaller persons, with less room for large servings. Wich means that we offer children under the age of 8 years half portion and half price, and a serving where we secure that they can identify what they are served. We have made one special dish for children only

## LUNCH

Every day we try to produce the best vegetables, breed the best meat, and land the best fish.

In close partnership with nature, the organic principles and the best quality as a benchmarks, we aim to serve a meal that is produced with respect for the soil we grow in, the nature that surrounds us and the craftsmanship we celebrate.

So, when you eat at Rabarbergaarden, you will always be with

### **Nature at the Table**

### **Why organic?**

We work with the organic principles because the balance of what we take and what we give back to the planet is of the utmost importance.

When you eat and drink with us you will get organic ingredients from all food categories, including vegetables, dairy, fruit, meat, bread, cakes, tea, coffee, wine, beer, juice, soft drinks and much more.

If you have any questions about the organic certifications, the way we work with the soil, animals and nature, please ask; we would really like to have a conversation about how we farm the land and produce food as sustainable as possible.
